

ABC Group Signs on to the United Nations Global Compact

On June 6, 2025, Asahi Broadcasting Group Holdings Corporation (Fukushima-ku, Osaka; Masayuki Nishide, President, Executive Officer) has signed on to the United Nations Global Compact (UNGC), registering as a participating company. In conjunction, we also joined the Global Compact Network Japan, which consists of Japanese companies and organizations that have signed on to the UNGC.

Under a commitment from members of top management, companies and organizations that sign on to the UNGC are expected to continue efforts to achieve the Ten Principles of the UN Global Compact, including human rights, labour, environment, and anti-corruption.

The business philosophy of the ABC Group is to continue to evolve as a dynamic and creative corporate organization, adapting to social change and contributing to the development of society, solving various social issues through broadcasting, content, and other means, aiming to create sustainable societies welcoming to all. Our participation in the UNGC will further strengthen our commitment to sustainability.

[UNGC]

The UNGC is the world's largest sustainability initiative, with the United Nations and the private sector working together hand in hand to build a healthy global society.

[The Ten Principles of the UN Global Compact]

Human Rights	Principle 1: Businesses should support and respect the protection of internationally proclaimed human rights; and Principle 2: make sure that they are not complicit in human rights abuses.
Labour	Principle 3: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining; Principle 4: the elimination of all forms of forced and compulsory labour; Principle 5: the effective abolition of child labour; and Principle 6: the elimination of discrimination in respect of employment and occupation.
Environment	Principle 7: Businesses should support a precautionary approach to environmental challenges; Principle 8: undertake initiatives to promote greater environmental responsibility; and Principle 9: encourage the development and diffusion of environmentally friendly technologies.
Anti-Corruption	Principle 10: Businesses should work against corruption in all its forms, including extortion and bribery.
